ME & IOS

MY JOURNEY WITH IOS STARTED BACK IN 2014 WHEN I GOT MY FIRST IPHONE. IT WAS IPHONE 5. DURING THE FIRST WEEKS OF USING THIS PHONE I FELT QUITE BONDED WITH SIMPLICITY AND FUNCTIONALITY OF THIS OPERATING SYSTEM, BUT IT WASN'T ENOUGH. I WANTED MORE. HAVING IPHONE ONLY, I STARTED DIGGING INTO WHAT CAN I HAVE THAN ANYONE ELSE DOESN'T. I ENDED UP TESTING JAILBREAK LIMITATIONS AND THERE WAS NONE. ALL YOU CAN IMAGINE, JAILBREAK COMMUNITY HAS ALREADY DONE

HOW IT STARTED

WHEN COVID-19 PANDEMIC OUT BROKE I LOST MY JOB LIKE MANY OTHER PEOPLE. I MANAGED TO RECOVER WITH HELP OF A FRIEND. I WAS COLLECTING ORDERS FOR ONLINE COMPANY. MOTIVATED BY A SALARY BONUS GRANTED FOR HIGH EFFICIENCY, I FIGURED THAT I NEED SOME APP TO INCREASE MY STATISTICS. SO I LAUNCHED MY FIRST IOS SWIFT APP DEVELOPMENT COURSE. AFTER A WEEK I WAS ABLE TO CREATE WHAT YOU SEE RIGHT NOW. MAIN FUNCTION WAS TO INSTANTLY GENERATE QR CODE WITH A SPECIFIC LOCATION. THIS SMALL AND OBVIOUSLY NOT BEAUTIFUL APP BOOSTED MY EFFICIENCY BY 100% AND PEOPLE AROUND ASKED: HOW?

MY LITTLE STUDY PROJECT. IN HERE I LEARN HOW SWIFT WORKS AND TEST MY KNOWLEDGE AS WELL AS PLAY WITH SWIFTUI.

OurStory2.0 IS A PERSONAL APP I DESIGNED FOR COUPLES.

AN APP SHOULD BE AS PRIVATE AS RELATIONSHIP, SO THE OBJECTIVE IS PRIVACY. IF NOTHING IS STORED, NOTHING WILL LEAK.

FOR NOW IT IS DESIGNED FOR 2 USERS.

THERE IS STILL A LOT TO COVER BUT SOME FUNCTIONS ARE WORKING ALREADY WORKING LIKE STORING IMAGES, DIARY AND MESSAGING.

WHAT'S NEXT?

I AM LOOKING FOR OPPORTUNITY TO LEARN IN ENVIRONMENT WITH MORE ADVANCED DEVELOPERS. I WILL BE BETTER AT CODING EVERY DAY.

ONE APP IS NOT ENOUGH.
THERE ARE MORE TO COME.
TIME TO TAKE BIG STEP.
